COVID-19

Dear Valued Customers,

As health concerns related to the Coronavirus (COVID-19) have increased, we want to assure you that the health and safety of our employees and community is our number one priority by following all applicable governmental mandates.

As you may know, several states have now mandated "stay at home" rules. However, under the rules and regulations of the Department of Homeland Security, as a supplier to many essential businesses (including pharmaceutical and food supply), Holly Tag is considered to be part of America's Critical Infrastructure, which allows us to maintain our normal work schedule.

We have implemented the recommended work practices including, increased sanitizing of work and office areas, social distancing, wearing gloves as well as disinfecting door handles, light switches, phones and restrooms.

All of us here at Holly Tag value your relationship and we are committed to ensuring that you continue to receive the products that are urgently needed at this time. We will continue to monitor the situation and keep you informed regarding our capabilities during these challenging and rapidly changing times.

If you have any questions or concerns please feel free to reach out to your normal contact at Holly Tag & Label. Thank you for your continued partnership and understanding as we all work through this together. Stay safe and God Bless you.

Sincerely,
Scott Harris
Vice President
